

**ITS United Kingdom Interest Group
Information Sheet**

LOCAL AUTHORITY URBAN INTEREST GROUP

Chairman
Steve George, Efkon
stevegeorge@sgti.co.uk

Hon. Secretary
Dave Stoner, Envitia
Dave.stoner@envitia.com

The purpose of the Interest Group –

~To be a forum for ITS (UK) members with an interest in urban and local transport matters to meet, discuss their views, ideas and experiences and consider the uses and benefits of ITS in the urban environment.

~To be of value to Local Authorities, transport network operators, public transport operators, consultants, manufacturers, service providers and academics . all concerned with ITS in the urban environment

~To provide a focus for the development of good practice for ITS in the urban environment

~To provide a centre for the promotion of ITS and its funding to central government and providers of services

~To advise LAs, developers and others how ITS may be used to enhance their aims and objectives, and how a business case can be made for ITS implementation

Typical activities of the Interest Group –

- Annual conference on real-world experiences with Urban ITS implementation
- 3/4 Group meetings per year, often in co-operation with other Interest Groups, notably:
 - Smart Environment
 - Freight
 - Road User Charging
 - Enforcement

This Interest Group enjoys links with.

UDG (UTMC Urban Development Group)
 RTIG (Real Time Information Group)
 TIH (Travel Information Highway)
 IET Automotive and Road Transport Systems Professional network
 TSG (Traffic Systems Group)
